FISH

e Owen Fish was born Aug. 7, 1851 to d Cynthia (Fountain) Owen in Owen Town-ckson County, IN. The eighth child in a of 13 children, her family was one of the oneers of Owen Township.

Phebe Owen Fish

e was married to Isaac Fish on April 12, They were the parents of six children: l Victor, Syntha Jane, Nancie Bell, Ida Della May, and James Albert. They raised ily in a white frame house that stood on top of a hill two miles south of Norman. Isaac owned a store and ice house in what was once "Norman Station." Located north of U.S. Route 50 and south of Norman on State Route 58, the old farmhouse still stands.

At the corner of the house was the well house with a separate room for cold water to be pumped to a cement trough. Down over the hill from the front of the house was the fruit cellar built in the hill where the canned goods in glass jars were kept. Phebe loved flowers and had pansies on the north side of the house, snapdragons on the west side, with roses and flowering shrubs in front.

Phebe was a good cook people and many remember the food at the threshing dinners. The extended family would often come to visit on Sundays, birthdays, or holidays. After a big family dinner, the four daughters would go to the grain barn, sit on a rope seat and weight themselves on the grain scale.

After 42 years of marriage, Isaac passed away from complications with diabetes, leaving Phebe a widow the remaining 22 years of her life. She was known as "Aunt Phebe" to many, and according to her obituary, "she was a kind Christian lady, who believed in living her religion. She was very fond of singing the old songs of Zion and the last few months lamented so much that her throat was so she could not sing." Phebe was a member of the Guthrie Creek Primitive Baptist Church since her early girlhood. She lived to be 89 and was active up until about two years before her passing on Feb. 3, 1941. Phebe Fish was buried in the Liberty Cemetery near her home.

Phebe's great-granddaughter, Cynthia Owen Weiss lives in Seattle and is researching the Fish family history. *Submitted by: Cyndy Weiss*

KENNETH LLOYD FISH FAMILY

Kenneth Lloyd Fish and Maxine Lucas/Fish were long-time Jackson County residents and descendants of Fish/Brown-Cross and Lucas/Butler-Goss families respectively, who date back to the 1800's in the Clearspring and Brownstown areas. Kenneth is a direct descendant of Joshua and Marie Brown (see Vol. 1, page 314).

Kenneth and Maxine were united in marriage in 1943. Kenneth built their first home near Clearspring where they engaged for several years in diversified farming consisting of the production of grain, livestock and other crops which were strawberries primarily. They were active members of the Clearspring Baptist Church, and Kenneth became a veteran of World War II.

Kenneth Lloyd Fish Family

In 1956 they sold the farm and together entered the independent grocery business near Clearspring on Highway 50. After five years they moved to Reddington where Kenneth operated his own residential construction business, building several houses while Maxine worked for Jay C Stores in Columbus.

They purchased another independent grocery in Elizabethtown which they successfully operated until 1968 when they moved to the west side of Columbus. Kenneth worked at Cummins Engine Company for 13 years until retirement. Maxine owned and operated (with her oldest daughter) a beauty salon in the Taylorsville area during those early years in Columbus.

Kenneth and Maxine have three children that were born and raised primarily in Jackson County. A son, the eldest, Kenneth Richard was born in 1945 and married Diane Mellonicamp in 1966. Rick and Diane have three children; Melissa born in 1968, Brian born in 1971 and Judd born in 1973. They lived in Jackson County, and Kenneth R. (Rick's) career has been with Cummins Engine Company. Rick is a Vietnam War veteran.

The eldest daughter, Judy, was born in 1947 and is a beautician by trade. She married Hershel Axsom in 1967 and they have two children - John, born in 1970 and Lori, born in 1973. Hershel's career has been with Cummins Engine Company. Judy worked as a beautician in the early years, but chose eventually to be a homemaker. Hershel is a Vietnam veteran.

The youngest daughter, Shelia was born in 1953 and is a management accountant, by trade. She worked for Cummins Engine Company for 15 years and graduated from Indiana University in 1984. She received a real estate broker's license in 1985 and achieved a Certified Professional Accountant status in 1987. Shelia is near completion of her master's degree in business from the University of Indianaplis and is controller of a midsize manufacturing firm.

Since Kenneth's retirement he and Maxine have gone into an antique business, restoring and selling fine antique furniture.

They are members of the Mount Olive United Methodist Church. *Submitted by: S.D. Fish*

FORGEY

Much of the records for the Forgey family were taken from the information gathered by Harrel Forgey of Freetown. Compilation of the family records was written by Lucille Forgey Wallace of Lewisburg, KY. Originally, the Forgy family came from Normandy to the British Isles as followers of William the Conqueror. According to historical traditions, one member of the family assisted Oliver Cromwell in the conquest of Ireland. From the public records office in northern Ireland for Heartmoney Roll for Antrim in 1660, William Forgy was listed in Conner Parish. John Forgy in Cluntisse, James Forgy in Conner Town and John Forgy in Cape Castle. In 1662 Andrew Forgy and his partners were listed as clothmakers.

The Forgeys of Jackson County are descendants of James Forgey, whose authentic records may be traced to Chester County, Pennsylvania. He was listed as a taxpayer for the years 1765, 1768, 1771 and 1776. In 1786 he was a taxpayer in Westmoreland County, after adjustments in boundary lines. Six years later, he had moved to Little Flat Creek near Knoxville, TN. In 1792 he homesteaded more than 500 acres. Tradition holds that James Forgey came from Ireland in 1779 and moved to the several locations in the years following.

James Forgey was a brick mason and built the first brick house in Tennessee. It was a Presbyterian Church which he had constructed on his land.

GENERAL INFORMATION SHEET

APPLICATION FOR STANDARD GOVERNMENT HEADSTONE OR MARKER FOR INSTALLATION IN A PRIVATE OR STATE VETERANS' CEMETERY

RESPONDENT BURDEN - Public reporting burden for this collection of information is estimated to average one-fourth hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to VA Clearance Officer (723), 810 Vermont Avenue, NW, Washington, DC 20420; and to the Office of Management and Budget, Paperwork Reduction Project (2900-0222), Washington, DC 20503.

BENEFIT PROVIDED

a. HEADSTONE OR MARKER - Furnished upon application for the **unmarked grave** of any deceased veteran. Applicant must certify the grave is **unmarked** and a Government headstone or marker is preferred to a privately purchased headstone or marker. This restriction applies to companion markers. Companion markers identify two or more decedents buried, or to be buried, in the same or adjoining graves. A grave is considered marked if a monument displays the decedent's name and dates of birth and/or death, even though the veteran's military data is not shown. Applicant may be anyone having knowledge of the deceased.

b. MEMORIAL HEADSTONE OR MARKER - Furnished upon application by a relative recognized as the next of kin for installation only in a cemetery to commemorate any veteran whose remains have not been recovered or identified, were buried at sea, donated to science, or cremated and the remains scattered. Check box in block 2 and explain in block 27.

c. BRONZE NICHE MARKER - See illustration for standard bronze niche marker if entombment is in a columbarium or mausoleum; if desired, so indicate in block 27.

WHO IS ELIGIBLE - Any deceased veteran discharged under conditions other than dishonorable. To expedite processing, attach a copy of the deceased veteran's discharge certificate or a copy of other official document(s) pertaining to military service, if available. **Do not send original documents;** they will not be returned. Service after September 7, 1980, must be for a minimum of 24 months or be completed under special circumstances, e.g., death on active duty. Persons who have only limited active duty service for training while in the National Guard or Reserves are not eligible unless there are special circumstances, e.g., death while on, or as a result of training. Persons with extended Reserve or National Guard service which entitled them to retirement pay subsequent to October 27, 1992, are eligible; a copy of the Reserve Retirement Eligibility Benefits Letter must accompany the application. Active duty service during the Persian Gulf War for all referenced above also establishes eligibility. Service prior to World War I requires detailed documentation, e.g., muster rolls, extracts from State files, military or State organization where served, pension or land warrant, etc.

HOW TO APPLY - Mail the original only of the completed application (VA Form 40-1330) to:

Office of Memorial Programs (403A)
Department of Veterans Affairs
810 Vermont Avenue, NW.
Washington, DC 20420-0001

The copy is for your records. A Government headstone or marker may only be furnished if a fully completed application form has been received.

SIGNATURES REQUIRED - The applicant, next of kin or other responsible person, signs in block 15, obtains the signature of consignee in block 22 and cemetery official in block 24. If there is no official on duty at the cemetery write "NONE" in block 24. State Veterans' Cemeteries are not required to complete blocks: 15, 16, 22 and 23.

ASSISTANCE NEEDED - If assistance is needed to complete this application, contact the nearest VA Regional Office, national cemetery, or a local veterans' organization. No fee should be paid in connection with the preparation of this application. Use block 27 for any clarification or information you wish to provide. Should you have special questions when filling out this form, please telephone our Applicant Assistance Division toll free at: 1-800-697-6947.

INSTALLATION - All costs to install the headstone or marker must be paid from private funds.

TRANSPORTATION - The headstone or marker is shipped without charge to the consignee, designated in block 19 of the application. The consignee must have a full street address; **delivery cannot be made to a Post Office Box.** An address showing Rural Route Delivery must include a telephone number in block 20 to obtain delivery. An insufficient address may result in a nondeliverable headstone or marker.

*CAUTION - After completing the application, **please check carefully** to be sure you have accurately furnished all required information, thereby avoiding delays in marking the gravesite. Mistakes cannot be corrected after a headstone or marker has been ordered. Headstones or markers furnished remain the property of the United States Government and may not be used for any purpose other than to honor the memory of the decedent for whom the headstone or marker is issued. A Government provided headstone or marker may not be used as a footstone or to supplement a private monument, or be affixed to an existing inscribed monument.*

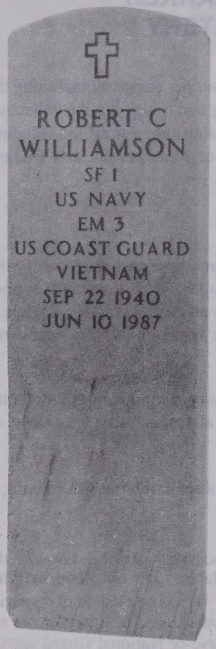
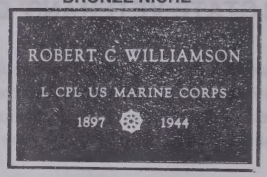
ILLUSTRATIONS OF STANDARD GOVERNMENT HEADSTONES AND MARKERS

UPRIGHT WHITE MARBLE OR LIGHT GRAY GRANITE



This headstone is 42 inches long, 13 inches wide, and 4 inches thick. Weight is approximately 230 pounds. Variations may occur in stone color, and the marble may contain light to moderate veining.

BRONZE NICHE



This niche marker is 8-1/2 inches long, 5-1/2 inches wide, with 7/16 inches rise. Weight is approximately 3 pounds; mounting bolts and washers are furnished with the marker.

FLAT TYPES

BRONZE

This grave marker is 24 inches long, 12 inches wide, with 3/4 inch rise. Weight is approximately 18 pounds. Anchor bolts, nuts and washers for fastening to a base are furnished with the marker. The base is not furnished by the Government.

LIGHT GRAY GRANITE OR WHITE MARBLE

This grave marker is 24 inches long, 12 inches wide, and 4 inches thick. Weight is approximately 130 pounds. Variations may occur in stone color; the marble may contain light to moderate veining.

NOTE: In addition to the headstone and markers pictured, two special styles of upright marble headstones and flat markers are available upon request - one for those who served with the Union Forces, Civil War, or during the Spanish-American War; and the other for those who served with the Confederate Forces, Civil War. Request should be made in block 27 of the application. It is necessary to submit detailed documentation which supports eligibility.

INSCRIPTION INFORMATION

MANDATORY ITEMS of inscription at Government expense are: Name, Branch of Service, Year of Birth, and Year of Death. Branches of Service are: U.S. Army, U.S. Navy, U.S. Air Force, U.S. Marine Corps, U.S. Coast Guard, and by exception, U.S. Army Air Corps, and other parent organizations authorized for certain periods of time. Different examples of inscription formats are illustrated above; **deviations in data sequence are not permitted.** More than one branch of service is permitted, subject to space availibility.

OPTIONAL ITEMS which may be inscribed at Government expense, indicated by shaded title blocks are: military grade, rate or rank, war service, month and day of the dates of birth and death, an emblem reflective of one's belief, and the valor awards and the Purple Heart listed in block 8. If any of these items are desired the information must be shown clearly in the shaded title blocks.

RESERVED SPACE for future inscription at private expense, such as spousal or dependent data may be authorized below the standard inscription if requested in block 27. Only two lines of space may be reserved on flat markers due to space limitations. Reserved space is unnecessary on upright marble headstones as the reverse side is available for future inscriptions.

MEMORIAL HEADSTONES AND MARKERS (remains are not buried). The words "In Memory of" are mandatory and precede the authorized inscription data.

ADDITIONAL ITEMS may be inscribed at private expense, **subject to VA approval**, below the standard inscription and subject to space limitations. Some additional inscription items may, of necessity, be placed on the rear of the headstone. Such items may be terms of endearment, nicknames (not unseemly in nature) in expressions such as OUR BELOVED POPPY, LOVINGLY CALLED DUTCH, representations of military and civilian participation or accomplishment, and titles such as DOCTOR, REVEREND, etc. These requests should be made in block 27. The manufacturer will bill the applicant for the cost of the additional inscription. Such requests may delay the processing of the application.

INCOMPLETE OR INACCURATE INFORMATION ON THE APPLICATION MAY RESULT IN ITS RETURN TO THE APPLICANT, A DELAY IN RECEIPT OF THE HEADSTONE OR MARKER, OR AN INCORRECT INSCRIPTION.

REDDINGTON CEMETERY
REDDING TOWNSHIP JACKSON COUNTY INDIANA
(Volume 1)
Jackson County Genealogical Society Members
Jackson County Cemetery Book Coordinator: Wilma Ping
Redding Township Chairperson: Emaline Brock
Copyright 1993

LOCATION: Section 23, T7N, R6E. Go east from Seymour on U.S. 50. Turn north on U. S. 31 and travel to Reddington. Continue north on U.S. 31 past the Reddington Christian Church (west side of highway) for about 1/8 mile. On the west side of U.S. 31 is the "Old" & "New" Reddington Cemeteries. These are located next to each other.

REFERENCES: Monuments/tombstones, newspapers (e.g., obituaries), WPA Jackson County Death Index (1882-1920) and death records.

NOTES: Abbreviations are formulated on the introduction page of this book, and numeral dates are written in the order of month-day-year. The symbol "(Vet.)" signifies that the deceased person served in the Armed Services. If the date of death is blank, either the person is living or no death date has been engraved on the monument.

The Reddington Cemetery was surveyed in 1983 by Emaline and Russell Brock and 1 June 1992 by Donald and his wife, MaryLouise Sullivan. Reddington Cemetery data was compiled before 1983 in alphabetical order by an unknown source. Mrs. Brock and the late Mr. Brock and the Sullivans' listings are in chronological order. Consequently, Mr. Sullivan list is the primary reference. The anonymous and Brocks' data were compared to the Sullivans' data. Differences are denoted by ["A=data]" to indicate information listed by the anonymous person/s and by "[B=data]" to indicated information submitted by the Brocks.

Mr. Donald Sullivan writes that a gravel driveway is on the north side of the cemetery. The drive turns southward. The Reddington Cemetery has two specific sections which are denoted as "North" and "South." The boundary of each section is indicated by the drive as being either north of the drive or south of the drive. According to the Sullivans, there were 382 names listed in the "North Section" and 1,154 names listed in the "South Section."
